The No Nonsense Guide to Minority Rights in South Asia Rita Manchanda 2009-04-11 The No Nonsense Guide to Minority Rights in South Asia is a practical primer on issues related to minority rights in South Asian countries. It delves into all major concepts and cutting edge theories that constitute the evolving minority rights discourse. The 'minority' in South Asia is typically characterized by 'non-domination' and powerlessness, two major markers apart from language, culture, religion and ethnicity. This book explores the process of this kind of 'minoritization' in the region, evaluating the weaknesses of constitutional and legal frameworks that contribute to it. In doing so, it examines in detail the State's role in the socio-political recognition, protection and exclusion of minorities. By taking a rights-based approach, the book argues that nation-building in South Asia has been devoid of the commitment to expand the democracy and equality agenda and has instead been dominated by majoritarian and authoritarian policies. While elaborating on such politics of recognition and inequality, the author goes on to explore and analyze the ethnic composition of each South Asian country—India, Pakistan, Nepal,

Bangladesh, Sri Lanka and Bhutan. She also highlights the role of minority agencies in resisting injustice and exclusion, thus providing a comparative and holistic understanding of the minority discourse in the region. This book is an important reference resource for students and academics working in the areas of politics and international relations, especially on human rights, minority rights and state-building. It will also be a useful guide for activists.

TOURISM IN TAMIL NADU S. Subramania Pillai 2019-06-04 1. Introduction, 2. Spiritual Heritage Tourist Centres in Tamil Nadu, 3. Cultural Heritage Tourist Centres in Tamil Nadu, 4. Natural Heritage Tourist Centres in Tamil Nadu, 5. Fairs, Festivals and Folk Entertainments in Tamil Nadu, 6. Tourism Plant Facilities in Tamil Nadu, 7. Conclusion and Suggestions. - PREFACE: "Tourism in Tamil Nadu - Growth and Development" is a captivating theme. Man has been fascinated by travel and tourism from the earliest historical period. He always has had the urge to discover the unknown, to explore new and strange places, to seek changes of environment and to undergo new experiences. Travelling to achieve these ends is not new, but tourism is of a relatively modern origin. Tourism is distinguishable by its mass character from the travel undertaken in the past. This is largely a post-second world war phenomenon. Until recently only affluent people participated in tourism. Increased leisure, higher incomes and greatly enhanced mobility have combined to enable more people to participate in Tourism. Revolution in transport, technological progress and the emergence of a middle class with time and money to spare for recreation, has led to the growth of tourism—"the modern holiday industry". Thus tourism is no longer the prerogative of a few but is an accepted part of life of a large number of people. India is one of the oldest civilizations with a kaleidoscopic variety and rich cultural heritage. For centuries India has been a centre of attraction for different people for different reasons. The ancient invaders viewed it as a goldmine with unlimited wealth to plunder; the learned were fascinated by its mystic spiritualism and profound philosophy; the uninitiated saw it as a land of naked fakirs and snake charmers; while the others were simply charmed by the sheer beauty of its natural attractions and amazing variety of its flora and fauna.
